BCDs AFTER RECRUITS

In the midst of a recruiting campaign for the B.C. Dragoons is the Kelowna section of the famous regiment. Here, Capt. J. T. F. Horn, officer commanding B squadron of the regiment, is seen with Kelowna Mayor R. F. Parkinson and Lt. Col. A. Moss in front of one of the pieces of equipment used in militia training. In a message, the Mayor said: "I wholeheartedly endorse the effort being put forward by the B.C. Dragoons in their campaign to increase their strength. I sincerely recommend to the youth and men of the district to consider the benefits available to them by the militia."

Dief Calls On Provinces To 'Harness Resources'

MONTREAL (CP) — Prime Minister Diefenbaker called on the provinces Monday night to join with Ottawa in a co-operative effort to harness Canada's natural resources in a dynamic drive towards greater national prosperity. He offered a three-part plan for getting the program underway, each part linked to a pledge of federal financial backing. "It is vital to Canada's destiny that Canadians develop a bold and vigorous policy of national expansion," Mr. Diefenbaker told a dinner marking the opening day of the Resources for Tomorrow conference. To translate the conference's decision into action, he proposed:

1. A National Resources Council to be set up by the federal government and involving membership from all 10 provinces. It would be concerned with resource conservation, renewal and development.
2. A full-fledged conference on resources, similar to the current week-long session, held every three or four years to review progress in resource development.
3. A national advisory land and water use board charged with making recommendations for the co-ordination of land and water use on a national scale.

Mr. Diefenbaker stressed that the new national concept of conservation and planning would in no way infringe on the provinces' constitutional control over their natural resources. He recalled in his Saskatchewan boyhood the wildlife appeared to be unlimited and great whooping cranes, now almost extinct, could be seen on almost every sandhill. But today there was a need for positive measures to preserve and develop Canadian wildlife. "Closely related to this is an increasing demand for recreation of all sorts."

Berlin Tensions Mount After Shooting Outbursts

BERLIN (Reuters) — Tension increased along the border between East and West Berlin today following repeated bursts of gunfire during the night and a tear-gas battle between Communist and West Berlin police. Repeated shooting was heard during the night in the border areas, particularly those between the French sector and East Berlin.

OPERATOR'S VIEW Gas Sales 'Not Enough'

VANCOUVER (CP) — Service station operators in British Columbia have to depend on sales of products other than gasoline to survive in the business, a panel of operators said Monday. The six-man panel discussed effect of the new seven-cent-a-gallon profit operators make on gasoline under a consignment arrangement in effect since 1959. The retail price of gasoline is set by the oil companies, who allow the dealer seven cents a gallon, whatever the retail price the panelists said. The discussion took place at the convention of the Automobile Retailers Association of B.C.

BC Labor Moves To Unity For 1962 Wage Demands

VANCOUVER (CP) — British Columbia labor has taken the first step in a concerted campaign to obtain maximum wage coordination in 1962 wage talks. Delegates to the sixth annual convention of the B.C. Federation of Labor (CIC) have approved a policy conference of all affiliated unions to be held here in December. The 100,000-member federation's executive council told delegates Monday that interlocking directorates and legislation favorable to the vast corporations in the province has given employers increasing power. President Robert Smead said there has been no genuine attempt on the part of both industry and government to assume their responsibilities towards the workers, and it now is incumbent on the trade union movement to ensure that the responsibility is accepted by those who created a shameful waste of human resources. Mr. Smead said the problems of employment and labor's drive for improved 1962 contract conditions dictate that labor work for political purposes. Its combat a party-defined policies which the entire movement can be counted before the B.C. Court of Appeal and support with the Oil, Chemical and Atomic Workers Union Nov. 15.

NEWS MITES

P.G. Man Charged In Killing

Charles Hamilton Rombough, 48, has been charged with assault causing bodily harm in the death of Hazel Cousins at a sawmill community 50 miles east of here. Rombough was remanded Monday for eight days without plea. He was arrested after the woman's body was found at Upper Fraser.

Police said the 47-year-old woman had suffered severe head injuries.

James E. Coyne, former governor of the Bank of Canada, has bought a 14-room home in Toronto and is expected to move in at the end of this year.

Chancellor Adenauer won another round Monday night in his battle to retain the leadership of West Germany by getting his party's approval to retain Heinrich von Brentano as foreign minister, authoritative sources said.

Homer Tomlinson, self-styled king of the world, called off his self-coronation as "king of the University of British Columbia" Monday because of adverse student reaction.

Spaceman Uri Gagarin, who has been ill for more than two weeks, is well again and attended the Communist party congress today, according to the foreign ministry press department.

Princess Alexandra will spend two days in Vancouver next month during a trip to Japan and Hong Kong.

Backfire Of Fallout On Soviet

WASHINGTON (AP) — The Soviet Union is getting a backfire of radioactive fallout today from its mammoth nuclear explosion, U.S. weather bureau scientists reported.

They said the fallout was carried on winds blowing south to southeast over Russia.

The massive blast, triggered Monday in the atmosphere over the Novaya Zemlya region in the Arctic, may have been the 50-megaton explosion that Soviet Premier Khrushchev announced the Russians would test. But the U.S. Atomic Energy Commission said it doubts that the detonation was that big.

The AEC said the blast's yield "was very high, possibly as high as 50 megatons." But it added that preliminary analysis "indicates it was more probably on the order of 30 megatons." There has been no word from Russia on the explosion.

Gursel To Lead Turkish Gov't

ANKARA, Turkey (AP) — Turkish political leaders bowed today to military pressure and agreed to form an emergency national front government with Gen. Cemal Gursel as president. An agreement between the leaders of four parties which contested indecisive elections Oct. 15 was reached after almost 18 straight hours of political bargaining.

U.S. Plane Crash: 6 Feared Dead

TOKYO (AP) — A U.S. Navy plane crashed into a mountain 70 miles southeast of Tokyo today and there are two known survivors among the eight crew paroled board and with medical members, the navy announced. treatment at the prison.

STUDENT WASHED OVERBOARD: SWIMS IN STORM TO SHORE

SAINT TROPEZ, France (AP) — Douglas Lee, 25, a University of Toronto student, was washed overboard from his yacht in a Mediterranean storm Sunday and swam to shore here.

Lee, a native of Regina, was found on the Saint Tropez beach Sunday night with a gash on his head.

In hospital here, he told officials Monday he had left Tangiers aboard his cutter the Maple Leaf, to go to Marseille, France.

Surprised by a storm and buffeted off course, he fell into the sea and watched helplessly as his craft drifted away with his papers and money.

He swam through the icy waters towards shore and apparently arrived exhausted on the he fell into the sea and watched helplessly as

Four Die, 18 Hurt As Bus Slams Into Gravel Truck

KAPUSKASING, Ont. (CP) — A United States Air Force school bus slammed into the back of a gravel truck near here Monday, killing the driver and three children and injuring 18 others.

Airman James Harris, 21, of Lakeland, Fla., the bus driver, was killed when his vehicle plowed into the five-ton truck near this northern Ontario town.

The son and daughter of the commanding officer of the USAF radar base at nearby Lowther, Maj. Arthur Fox of Chicago, were killed. Mervyn Fox, 11, and his sister, Karen, 12, were sitting in the front passenger seat. Their brother Gregory was among the injured. John Morgan, 9, son of Mr. and Mrs. Eugene Morgan, from Wisconsin, died in hospital here Monday night. Five of the injured children were flown to the hospital at Wright-Patterson Air Force Base near Akron, Ohio. Truck driver Raoul Gagnon of Hearst, Ont., escaped injury. Witnesses said the bus passed a flagman posted on the highway to warn traffic of gravel trucks and then hit Gagnon's vehicle as it was coming to a stop.

Another Red China Snub Seen For Soviet Leaders

MOSCOW (Reuters) — Soviet leaders were faced today with a 100-megaton bomb and a new snub from Communist China following the sudden departure for home of Chinese Premier Chou En-lai.

Observers saw Chou's abrupt departure from the Soviet party congress here as a sign of a worsening quarrel between the two countries over bitter Russian attacks on ally Albania for following "Stalinist" policies.

Chou rebuked the Soviet leaders last week for bringing their quarrel with Albania into the open and told them that disputes between Communist countries should be settled in private.

Despite the rebuke and the new snub Monday, Chou was seen off at the airport Monday night by Premier Khrushchev and other top Soviet officials.

No reason was given for his sudden departure. Chou arrived back in Peking this morning and was greeted at the airport by Communist party chief Mao Tse-tung and by the Chinese head of state, Liu Shao-chi.

As Chou left Moscow, Soviet Defence Minister Rodion Malinovsky was telling the congress that Russia has successfully developed a weapon for shooting down missiles.

He did not elaborate on the claim, or indicate what kind of missiles had been destroyed in the tests. Malinovsky repeated Khrushchev's claim that the Soviet Union has a 100-megaton bomb and a 50-megaton bomb.

Jail Hunger Strike Ends

STORMVILLE, N.Y. (AP) — The 1,966 inmates of the maximum security Green Haven state prison ended a three-day hunger strike Monday night after the prison's warden and the state commissioner of correction promised to look into their grievances.

Warden Edward Fay said the 1,966 inmates of the maximum security Green Haven state prison ended a three-day hunger strike Monday night after the prison's warden and the state commissioner of correction promised to look into their grievances.

Figure Juggling Condoned B.C. Labor Meeting Told

VANCOUVER (CP) — The provincial government has deliberately stymied the development of the Columbia River, the B.C. Federation of Labor (CLC) was told today.

A committee report on natural resources, presented during the federation's annual meeting, said federal-provincial bickering over the method of carrying out the \$458,000,000 hydro-electric project on the Columbia has produced "a classic example of stalemate."

It added that the B.C. Energy Board "is a lack of the deck" against the Columbia by not including the benefits of cheaper federal financing and downstream benefits when it undertook a comprehensive comparison of development costs on the Columbia and the Peace rivers.

"The Energy Board instructed its engineering consultants to use a different formula in the case of the Peace, calculating the potential extra load for new industry, the loads to be assumed as 60 per cent Peace River and 40 per cent Vancouver."

"This is a completely unrealistic assumption designed to make the Peace River cost look more favorable."

The committee urged the federal and provincial governments to again meet to study Columbia development.

"If this is not done, Premier W. A. C. Bennett can tie up the Columbia and there is no legal means by which the people can force him to negotiate a settlement."

The committee charged Premier Bennett "has condoned the juggling of cost figures on the Columbia and Peace until people hardly know what is truth and what isn't."

Breakin Wave Hits Vernon

VERNON (Staff) — Two break-ins, making a total of six in three days in the city, were reported by RCMP today.

A door was jimmied at the David Howrie Ltd. premises on Thirty-Fifth Avenue sometime overnight Monday and a safe chopped open.

Police were still investigating at press time but it is believed some money was taken.

Also entered overnight was Specialty Men's Wear Furriers Cleaners Ltd. on Thirty-First Avenue but nothing was taken. About \$30 cash was taken in four break-ins over the week-end.

LATE FLASHES

Fallout On Canada 'Unchanged'

OTTAWA (CP) — The health department reported today that average fallout from Russian nuclear bomb tests in the first two weeks of October was virtually unchanged from the last week of September.

Lebanese Gov't Resigns

BEIRUT (Reuters) — Lebanese President Fuad Shihab today accepted the resignation of Premier Salim al-Hurayfi. The president asked Salim to stay in office until he had consultations with other leaders.

Constitution Suspended In Peru

LIMA, Peru (AP) — The government of President Manuel Prado today suspended constitutional guarantees for 30 days following a riot Monday night in front of the Congress building in which one man was killed and three hurt.

New Self-Government Plan For Malta

LONDON (Reuters) — Britain announced today a new self-governing constitution for Malta which will give the Mediterranean island's government full legislative and executive powers.

Hunter Dies In B.C. Accident

QUESNEL (CP) — Alexander William Dale, 54-year-old hunter from Evelyn Lake, 25 miles south of here, was killed last Monday while hunting with his son. Police said the man apparently slipped while leaning on his shot gun and the gun discharged both barrels into his abdomen.

Demand For 'Yankee Killer'

HAVANA (AP) — Cuba officially accused the United States today of killing a Cuban worker at Guantanamo naval base and demanded that American officers be delivered to Cuban authorities for trial for the crime.

Horror At Testing Of 'Big Bomb'

LONDON (CP) — Government leaders, scientists and newspapermen in nations outside the Communist bloc expressed shock and horror today at the enormous Soviet hydrogen bomb detonated in the Arctic.

The strongest condemnation of the 30- to 50-megaton blast set off Monday were registered in Japan and western Europe. And India's Prime Minister Nehru said he was "deeply pained and shocked."

The Soviet government did not report detonation of the bomb, and there was no word about it in the Moscow press, warning from experts there that highly radioactive rain and dust from the blast would reach their shores around Friday.

The Tokyo government called a conference of scientists to decide whether the expected levels of radiation would be harmful to humans. The experts sought ways of coping with water and vegetable contamination.

THE QUEEN

'Deep Regrets' From Queen

LONDON (Reuters) — Queen Elizabeth said today Britain "deeply regrets" the unilateral Soviet resumption of nuclear weapons tests.

"The Queen, mother of three children, made the statement in a government-written address closing parliament's current session. It was read for her by a royal chaplain of peers."

Earlier in the day the Conservative government announced plans for distributing dried milk for babies under one year old should the current Soviet tests cause contamination of liquid milk supplies.

Defence Minister Harold Watkinson made the announcement. He also interpreted the latest Soviet test series as a sign the Russians "have realized they are behind the Americans in the development of nuclear weapons."

'Tremendous' Air Freight Potential From Japan

OTTAWA (CP)—Industrial development in Japan will create a "tremendous" market for air freight between Asia and Europe, E. S. Pedersen, chief navigator for Scandinavian Airlines System, said today.

SAS pioneered commercial trans-polar flights between Scandinavia and Japan and now flies a regular jet service between Copenhagen and Tokyo with one stop at Anchorage, Alaska.

Mr. Pedersen, in a paper presented to a joint meeting of the Canadian Aeronautical Institute and the Institute of Aerospace Sciences, said nine years of polar navigation by SAS have proved that commercial air routes can be operated safely over the Arctic provided flight planning and navigation are carefully performed by experienced personnel.

He said a dependable navigational aid independent of sky conditions and ionospheric disturbances is still required, however. Mr. Pedersen said SAS has to make a 2,200-mile dog-leg via

Anchorage because it must avoid flying over Soviet territory.

He said Russian polar stations have radio beacons but SAS could not use them as navigational aids because there was no reliable information about their transmitting frequencies.

CLAIMS WEST SUPERIOR U.S. navy captain, said the United States and its allies have a "clear-cut superiority" over Russia in Antarctic operations.

"Our aircraft are better, our bases and support more modern. We fly in and out of the continent at will. We photograph and map areas inaccessible to the Russians."

"We air support scientific programs they do not even attempt. We can assist the sick and the injured and evacuate them from areas the Russians cannot reach."

"This superiority is made possible and can be maintained only by the efforts of the free world aviation industry."

CANADIAN GLANCES

SHELTERS ADVOCATED

TORONTO (CP)—The 75 Orthodox Jewish congregations in Canada will be urged to include fallout shelter in their new buildings, Rabbi Walter Wurzbarger, Canadian president of the Rabbinical Council of America, said Sunday. The proposed shelters would be open to people of all creeds and affiliations.

EXCITING DAY

HAMILTON (CP)—Described by his lawyer as having been "carried away by the spirit of his wedding day," William Poirier, 28, pleaded guilty Monday to a charge of speeding 100 m.p.h. the night he got married. Poirier, who spent the first night of his honeymoon in jail, was fined \$50 and costs in magistrate's court.

ASKS FOR CHANGE

LINDSAY, ONT. (CP)—Changes in the federal government's freight assistance policy on feed grain from Western Canada are needed if the family farm is to compete successfully, Melvin Tebbutt, president of the Ontario Farm Union said Monday. He told the union's convention that the farmer is not benefitting from the 55 per cent assistance paid by the government to farmers on freight charges.

COAL FIRMS FINED

SAULT STE. MARIE, Ont. (CP)—Three Sault Ste. Marie firms were fined a total of \$15,500 Monday for conspiring to fix the price of coal. Mr. Justice R. I. Ferguson assessed the fines as follows: McMaster Fuel, \$8,000; Lyons Fuel, Hardware and Supplies, \$4,000; and a division of Soo Falls Brewing Company, \$3,500. They were also ordered to pay court costs.

TO EXCHANGE ANIMALS

GRANBY, QP.—An exchange of animals may take place soon between Granby zoo and Red China. At a reception for a touring Chinese trade delegation here during the weekend, Mayor Horace Boivin proposed the exchange. He offered two typical Canadian animals to China and Chen Ming of the trade delegation replied he believes Granby zoo will soon have some animals from China.

Macmillan Won't Go To Ghana

LONDON (Reuters)—Prime Minister Macmillan today rejected a suggestion in the House of Commons that he accompany the Queen on her visit to Ghana next month. The suggestion was made by Labor member Woodrow Wyatt. Macmillan replied that "in accordance with established practice the Queen is not accompanied by any British minister when visiting Commonwealth countries."

TB Cases Decrease

OTTAWA (CP)—The number of new active and reactivated cases of tuberculosis reported in July was 467 compared with 687 in June, the Dominion Bureau of Statistics said today. Of the cases, for which information was available, 87.1 per cent in the previous month. Cases reported in the first seven months of the year totalled 3,974 and 82.2 per cent were classified as new active.

TRAIN 30,000 HUNTERS

TORONTO (CP)—By the end of 1961 it is expected upwards of 30,000 hunters will have been trained in safe and proper gun handling under Ontario's hunter safety training program inaugurated in 1957. The department of lands and forests said Friday in its weekly news letter.

BCE Gains Control Of Power Firm

VANCOUVER (CP)—British Columbia Electric has gained control of International Power and Engineering Consultants Limited, the firm which handled preliminary engineering work on the Peace River power project.

B.C. Electric said in a statement today arrangements for the takeover were made with Balfour, Beatty and Company Limited and B.C. Power Corporation, parent company of B.C. Electric before it was expropriated by the provincial government.

The statement said the takeover will speed up work on the Peace River hydro scheme by utilizing work already done on the project by International Power.

Directors of International Power will include Dr. Gordon Shrum, chairman and president of B.C. Electric, and A. Bruce Robertson, chairman of B.C. Power.

Sask. Doctors 'Disgust' Colleagues

TORONTO (CP)—Dr. Boyd Upper said Monday night many Canadian doctors are "pretty well disgusted with Saskatchewan doctors" over their opposition to the proposed Saskatchewan medical care plan.

The Toronto doctor, executive assistant to Ontario Liberal Leader John Wintermyer, made his statement as he took part in a panel discussion on health plans.

His remarks were in reply to a question from the floor regarding the attitude of medical association members toward government health plans.

Dr. Upper said Canadian doctors aren't as opposed to them as United States' doctors. Much of the opposition in Saskatchewan resulted because many of the doctors were "fugitives from the British health scheme."

DEATHS

Boston—Melville E. Webb, 85, who retired in 1953 after more than 50 years as a sports writer for the Boston Globe.

Montreal—Dr. John C. Wickham, 73, former chief surgeon and one of the founders of St. Mary's Hospital.

Montreal—Dr. Jean Paquin, 56, registrar of the Quebec College of Physicians and Surgeons after a lengthy illness.

BOOK ON ENERGY

TORONTO (CP)—A 200-page book, The World of Energy, written by Energy Resources Minister Robert Macaulay of Ontario, was published Friday. Written for the layman, it deals with composition of the universe and forms of energy. The book, Mr. Macaulay's third, arose out of a series of articles in Ontario newspapers.

FULTON TELLS U.S. GROUP

B.C. Government Delays Ratification On Columbia

SPOKANE (AP)—A difference between the Canadian government and British Columbia over use of downstream power is holding up ratification of the International Columbia River treaty in Canada, the chairman of the Canadian negotiations team said today.

Justice Minister Fulton, speaking to the Inland Empire Waterways Association, said the Canadian government is anxious to have the treaty formally ratified so construction can start.

"The problem is that British Columbia wants to sell Canada's entitlements to downstream power on long-term basis to United States users," he said.

"This is not, in our opinion, the object of the treaty. We grant that in the initial stages Canada will be entitled to more power than we can use, and we are most willing that such surplus be disposed of in your country. However, we do not want to be bound to long-term agreements that could be detrimental to Canada's economic development."

FEARS ELECTION ROW
Senator Warren G. Magnuson, Washington Democrat, who moderated the panel on Development and Management of the Columbia River Water Resources, said he hoped the treaty did not become an issue in Canada's next federal election.

"We don't want such an important matter battered around as an election issue if it can be avoided," he said. "We hope ratification will come before that election."

"I am sure there is basic agreement among our Canadian neighbors" on the treaty except for differences between the federal and provincial governments on downstream power sales to the U.S.

Teno Roncallo, chairman of the U.S. section of the International Joint Commission, said the Columbia River treaty is not perfect but does represent a classic document entered into and characterized by the "absence of selfish striving and rigid nationalistic positions."

"A renegotiation is out of the question," said Roncallo. "The treaty was drafted after 16 years of thorough, exhaustive, unburied preparation and negotiation."

"Any major alteration now simply would re-open the whole

"The judgment handed down by Mr. Justice Whittaker has done little indeed to enhance the position of our courts and to earn them the respect of the labor movement."

There is something seriously wrong with our society when an obvious and despicable action by a political party to attempt to maintain itself in office by denying a section of the population one of its basic and inalienable rights to freedom of association is upheld by the Supreme Court and labor arguments against the legislation remain unanswered in their judgment.

"I am confident, however that the Supreme Court of Canada will take a more serious view of the issues involved when this case comes before it next year, as Social Credit legislation destroying civil liberties has been thrown out by the Supreme Court before and we trust it will happen again."

The bill was challenged in B.C. Supreme Court by the Oil, Chemical and Atomic Workers Union (OCA) which now has appealed the decision.

"That section of Bill 42 which deprives trade union members of the right to vote for their own money for political purposes... must never be tolerated by the trade union movement," Mr. Smeal said.

"The judgment handed down by Mr. Justice Whittaker has done little indeed to enhance the position of our courts and to earn them the respect of the labor movement."

Economic Co-Ordination Department Recommended

TORONTO (CP)—A federal department of "economic co-ordination," charged with setting goals that would accelerate the country's expansion and keep all Canadians at work, was proposed today by W. S. Kirkpatrick, president of the Canadian Chamber of Commerce.

"Such a department," Mr. Kirkpatrick said, "should not be an adjunct of an existing department but a separate ministry headed by a senior cabinet minister."

"It should have an advisory body, including the best brains of the country, drawn from business, labor, agriculture and academic circles, but selected as private citizens for their knowledge and experience and not as representatives any group of organization."

"In consultation with this advisory group, the new department would have the responsibility of developing general economic policies, and other government departments would plan their actions within the policies so established."

Outlining subjects for co-ordinated planning, Mr. Kirkpatrick named "achievement of greater productivity" and "the need to develop imaginative and creative tax policies."

subject matter without assurance there ever might be a timely and successful conclusion."

Governments Blamed For High Air Fares

SYDNEY, Australia (Reuters) Sir William Hildred, director general of the International Air Transport Association, said today government charges were holding up attempts by world airlines to lower their fares.

Hildred told the association's annual meeting that low fares would enable the world's airlines to fill the 500 big jets flying today. But, he said, costs levied by governments were partly responsible for making this impossible.

Hildred cited the case of London airport, where charges increased by 50 per cent in 1957, by 28 per cent in 1959 and again by 33 1/3 per cent this year.

He said the IATA had asked each airline to appoint an "intelligence agent" to warn them of possible increases or new charges by governments.

"To wait until governments consult airlines about user charges is like negotiating with a hit-and-run driver," he added.

Delegates to the conference were welcomed by Australian Prime Minister Robert Menzies and by the civil aviation minister, Shane Paltridge.

Night Bike Riders Must Carry Lights

Kelowna children riding bikes and request them to carry lights at night will be given lights. He said parents should be warned particularly. "It's not fair to send a child out without a light on his bike," said Treadgold. Alderman Jack Treadgold said one of the "thousands" of children riding the streets at night he counted 11 of 15 riders without lights on their bikes. Council recommended that he urged that police and police be told and school principals be asked to circulate alert children of the danger notes through the school.

CITY COUNCIL BRIEFS

CITY COUNCIL'S big horse-draw table was overloaded at the regular meeting Monday night as students celebrated Civic Administration Day.

Acting Mayor Robbie Russell introduced his acting aldermen and various city officials after which real Mayor Dick Parkinson welcomed the students to council.

"You as students can do a terrific job of promoting Kelowna. This is your parents' property so take pride in it," said Mayor Parkinson.

The Mayor also extended thanks to the Rotary club, sponsors of the affair, and gave special thanks to Lance Potterton, organizer of Civic Administration Day.

BA Oil Company has written and Pandosy council requesting that the oil Street.

id double line on the highway in front of a service station on the corner of Harvey Ave. and the Vernon Rd. be broken.

The matter is to be handled by the Oil company and the provincial government.

Kelowna Lawn Bowling club has thanked city for its "excellent work" on the mowing of greens and looking after flower beds during the summer.

Trade licenses granted at Monday night's council meeting were: Six separate licenses to an educational book firm of Church applied to council for Vancouver, one license to a tax exemption Monday night city dressmaker, an electrical on their education centre to be contracting firm of Vancouver constructed adjacent to the and a hearing aid firm of Edmonton.

In referring to a letter from the department of National Defence, Mayor Parkinson said that city employees should be given time off to take part in the National survival training course.

St. David's Presbyterian Church applied to council for Vancouver, one license to a tax exemption Monday night city dressmaker, an electrical on their education centre to be contracting firm of Vancouver constructed adjacent to the and a hearing aid firm of Edmonton.

Kelowna Lawn Bowling club has thanked city for its "excellent work" on the mowing of greens and looking after flower beds during the summer.

Trade licenses granted at Monday night's council meeting were: Six separate licenses to an educational book firm of Church applied to council for Vancouver, one license to a tax exemption Monday night city dressmaker, an electrical on their education centre to be contracting firm of Vancouver constructed adjacent to the and a hearing aid firm of Edmonton.

In referring to a letter from the department of National Defence, Mayor Parkinson said that city employees should be given time off to take part in the National survival training course.

NO SECONDER FOR MOTION

Council Stands Firm On Fireworks Bylaw

United Appeal Halfway Mark Now In Sight

Community Chest officials reported this morning that \$14,947 had been given to far, representing 49.2 per cent of the total.

The total needed is \$30,500 for Kelowna and district.

So far, eight districts in the city have been completed, with zones 3, 4, 7a, 7b, 21, 22, 25 and 28 with complete returns.

Of these districts, incomplete as yet, one, covering the Ben-Venoulin area, has almost \$100 over the quota.

There are nine districts yet to be heard from, said Chest officials this morning.

Merchants Turned Down In Amendment Move

City council will stand firm on its bylaw restricting the sale and discharging of fireworks before October 31.

Despite the pleas of three local merchants to have the by-law amended enabling them to sell the fireworks earlier, council failed to uphold a motion put forward by Alderman E. R. Winter Monday night.

Mr. Byrne said that by a provincial law people outside city limits could purchase and discharge fireworks one week prior to Oct. 31.

"I have \$300 worth of fireworks in my store now and I'll likely be stuck with them," said Mr. Byrne.

In referring to the merchants outside of the city limits, Mr. Byrne added "We pay a city trade licence and they don't."

In replying, Mayor R. F. Parkinson told Mr. Byrne that the aldermen feel they should ban the sale and discharging of fireworks 364 days of the year.

CANT BLAME COUNCIL. "If you bought a heavy stock of fireworks, you can't blame council. You know the handwriting was on the wall when you purchased them," said the mayor.

Fred Heatley, secretary-manager of the Chamber of Commerce, said the Kelowna chamber has sent the city a resolution supporting a move to ban them.

Alderman Dennis Crookes said that according to the provincial laws the city could ban fireworks completely if so desired.

He said the fire department in recent years had many as eight fire calls on Halloween night because of fireworks.

JUST AS HARMFUL. Alderman Winter said he was sympathetic towards the delegation in as much as he felt that setting off the fireworks all in one day was as harmful as discharging them over a period of one week.

His motion to have the bylaw reconsidered was not seconded.

Other members of the delegation were Reuben Schamuhn and Trevor Pledge.

RAIN, WINTRY WEATHER BLAMED FOR ACCIDENT IN GLENMORE

The cold rain and edge of wintry weather was blamed for at least one accident during the evening, when a car driven by Helen Matsuda rolled on the overhead bridge near the Kelowna Golf Course.

She was not hurt.

Damage to the car has not as yet been estimated, say police who investigated the accident.

The mishap took place on the Glenmore Road about 7:30 p.m. Monday night.

Another reported accident is still under investigation. This one took place at the same time the Glenmore mishap took place, but happened at the road construction site near the Trepanier Bridge. Details are not known of this accident.

CITY AND DISTRICT

BUY FIRE TRUCK

An offer by the Okanagan Mission Community fire auxiliary to purchase an old city fire truck for the sum of \$325 has been accepted by the city.

PERMISSION

City Parks foreman V. G. Cottle has been given permission to attend the International Northwest Parks training institute in Eugene, Ore., Nov. 8 to 10.

WEATHER

Weather over the next few hours is expected to bring variable cloudiness to this part of the Okanagan, with a few showers and with rain beginning this evening. Winds will be light, and there will be little change in temperature. Overnight low was 30, and high Monday was 32. There was .11 inch of rain.

LAKE LEVEL

Alderman Jack Treadgold reported that the level of Okanagan Lake at this point is approximately seven inches lower than this time in 1960. He said that this level usually is not reached until the end of January, and that, in addition, the lake was approximately seven inches lower than the five year average.

NEW CONSTITUTION

A new constitution for the Kelowna Chamber of Commerce was presented to the membership for study yesterday. Brief discussion of some of its clauses took place after Norman Mullins, chairman of the constitution committee had drawn some highlights from them to the attention of the gathering. A full discussion and possible ratification of the document will take place at the November meeting of the chamber. A 75 per cent majority vote will be necessary before it is adopted.

Can Labor Party Win Next Election In U.K.?

A year ago many people were wondering whether or not the Labor party in the United Kingdom could survive. The past year has shown a marked improvement in the party's affairs and it is now clear that the party has indeed survived.

Whether the Labor party can win the next election, which is not due for two years, and, if it cannot, what will happen to it, are questions which still remain unanswered. They have been made all the more interesting by the attempts of the Liberal party to become a serious factor in British politics and the apparent success of those attempts at rejuvenation.

A year ago, the Labor party had been in poor shape for twelve months. In October, 1959, it had been the first British political party to lose three general elections in succession. Morale was further weakened by internal dissension and the party was seriously split when its leader, Mr. Hugh Gaitskell, tried to persuade the party to renounce its policy which commits it to public ownership of the means of distribution, production and exchange. He was not successful. He suffered a second defeat over defence policy, the party conference refusing his advice and resolving that Britain should go it alone and ban the H-bomb.

But Mr. Gaitskell and his supporters fought back. Many people who did not think much of him or his politics felt it was unthinkable that the only man who looked like a leader of the party should continue to be publicly repudiated. Gradually the party feeling changed and now Mr. Gaitskell appears undisputed leader of a party which looks reasonably united.

But will it win another general election? It has been criticized for hedging over the Common Market, a life-or-death matter for the British economy. The party's stand against German troops being trained on British soil is interpreted as signs of emotional isolationism in the Labor party.

These plus other factors, including evident signs that Mr. Gaitskell's leadership, though undisputed, is seriously unacceptable to sections of the party—all these symptoms could injure the party as an election-winning force.

From the 1959 general election until a few weeks ago the Conservatives' popularity remained steady, according to the polls. The most recent Gallup poll, however, showed the Labor party had taken the lead—37½ per cent to the Conservatives' 32½ per cent. Mr. Gaitskell's personal popularity, however, had not improved at all. But the poll also showed that it was the Labor party that was doing the best of the three relatively. The Liberals went up to 11 per cent, as opposed to the 5.9 per cent they recorded at the last general election. At that election the Conservatives had polled 49.4 per cent and Labor 43.8.

The Liberals, of course, have a long way to go as an electoral force. They did well to double their popular vote between the general elections of 1955 and 1959 but they still ended up with only 1.5 million votes and six seats out of 630 in the House of Commons.

Their lead to the country on the Common Market, offered four years ago, has shown them to be ahead of the two major parties in formative thinking, and their recent resolution on the setting up of a national planning council finally removes the stigma of being the one party that won't plan in a country where planning is essential.

Though they can be discounted as an electoral force for many years to come, the Liberals are undoubtedly in shape to attract many potential or disillusioned Labor voters. They may prove to be a real factor in determining whether the Labor party can win the next election. And, if Labor does lose the next general election, the whole balance of power in British politics may be so completely altered that anything can happen after that.

Meaning of Colonialism

In its propaganda the United Nations the Soviet Union is nothing if not bold to the point of effrontery. It well understands that the best method of defence is attack, and makes a practice of loudly accusing others of its own worst sins. The recent Soviet demand for the lifting of colonial status from all countries by the end of next year is a prime example of this tactic.

The Soviet resolution proposed that colonial people should be granted full political freedom of action and allowed to hold elections on the basis of universal suffrage. What makes this a gigantic bluff is that the Soviet Union is by far the largest and most aggressive colonial power in the world. The history of Russia and the subsequent history of the Soviet Union is one long record of overrunning other peoples, other states and reducing them to the status of colonies.

The Soviet bluff can be called, and the West, far from being embarrassed by the Soviet move, should be able to

turn it to advantage. It might be pointed out that the 1962 deadline for ending colonialism is impractical as the orderly progress of backward countries toward independence cannot be hurried, but it can honestly be claimed, too, that the principle of the Soviet resolution is already being implemented by such countries as Britain and France.

The United Nations could reasonably be asked to define what the word colony means. This would be no easy task, but a general definition might be that a colony is a country which has been subjected against its will and usually by force of arms to rule by another country. This definition would include all the territories of the Soviet Empire—the countries which were overrun by the Red Army and had communist governments imposed upon them.

If the Soviet Union then refused to allow the United Nations to supervise elections in these territories, it would stand convicted of imperialism.

In Passing

Overheard:irate woman speaking: "One man is just as bad as another, and both of them are worse than anybody!"

"Perhaps it is time to diet when one's circumference is more than 3,1414 times one's diameter." Boston Globe. Not only would it be time to quit eating pie, but revise pi.

Which is more irritating: A singing commercial or one that consists of a rankly amateurish poem?

DO IT THE UNITED WAY

Work Force Can Be Made In 'Inexperienced' Area

Industries seeking new locations shouldn't pass an area just because it may lack a ready-made work force with industrial experience.

This is the conclusion of International Minerals and Chemical Corporation (Canada) Ltd., now in course of establishing an ash mine and plant near Ester-

hazy, Sask.

The conclusion is based on a manpower survey made within a 12½-mile radius of the mine site. The survey, the company states, shows that local residents have basic skills that will qualify them for most jobs at its operations, with some additional training.

Of those interviewed, 132 gave farming as their primary occupation. There were also 23 carpenters, 19 truck drivers, 17 heavy-duty equipment operators, 45 with underground and shaft experience gained at the company's project or at other mines, 21 laborers, and 50 divided among 21 other job categories.

SHOULD USE 400

The conclusion was that more than 200 of this number could qualify for jobs in the mining and refining of potash if they received a additional training, and training programs now are being planned.

The present project, when in full operation, expects to employ about 400 people.

International Minerals, with headquarters at Skokie, Illinois, came to Esterhazy because potash is there; but it thinks its experience in finding a work force is of interest to other industries considering plant sites.

The Bank of Nova Scotia has opened a new branch in Kingston, Jamaica, its sixth in that city and its 26th in Jamaica.

One out of every 50 death claims paid on life insurance policies in Canada are paid on policies that have been in force a year or less, says the Canadian Life Insurance Officers Association.

This year, the association estimates, some \$7,500,000 will be paid on 1,000 policies less than a year old—some of them only a few days old. This is apart from group claims.

More than one-sixth of death benefits are paid on policies less than five years old, and more than half on policies in force less than 20 years.

The annual tax conference of the Canadian Tax Foundation will be held in Montreal Nov. 20-22.

Fourteen tax topics will be discussed at panel sessions, including such subjects as crimes under the income tax; co-operatives and taxation; federal-provincial tax arrangements; current petroleum tax problems; entertainment and related expenses; and unanswered questions about the Ontario sales tax. Topics at general sessions include Canada and the common markets.

The International Development Association, affiliate of the World Bank, has extended to Pakistan a development credit irrigation project.

The project, first of its kind in East Pakistan, is designed to increase agricultural production in a densely-populated and poor area. It will also serve as a pilot project to provide information and experience for development of other irrigation schemes in East Pakistan.

Another important new move, however, was decided upon by the conference, on the urging of Sir Ronald Gould, general secretary of the National Union of teachers. In a new approach to the battle for the pay increase they are seeking, the teachers were told:

"Join a political party and fight for your rights."

This is a revolutionary move by the 240,000-strong union which up to the present time has been strictly non-political. Now the members are being urged to join one of the parties in opposition to the government, if they are not already members, and to call for support on the pay issue in a vigorous fight against the present government.

The teachers also decided to do no more school meal duties after November 1. "This means that the children will receive no supervision whatever during the lunch hour," a union spokesman explained.

OTTAWA REPORT

Noxious Air A Nuisance

By PATRICK NICHOLSON

If your neighbor lights a bonfire to burn noxious materials which poison the air over your lot, or if he permits poisonous ashes to fall from the bonfire onto your ripening apples and into your well-water, the government of Canada will of course prosecute him, and force him to desist.

Section 165 of our Criminal Code says: "Everyone who commits a common nuisance and thereby endangers the lives, safety or health of the public, or causes physical injury to any person, is guilty of an indictable offence and is liable to imprisonment for two years."

In 1956 the then private member of parliament for Prince Albert, by name J. G. Diefenbaker, proposed a strengthening of this section of the Criminal Code specifically to protect interprovincial rivers against dangerous pollution—a matter then of vital concern to the riparian dwellers along the North Saskatchewan River.

The most dangerous criminal imprisoned, in respect of poisoning our waters today, and of our air and our foodstuffs, is of course a Russian, Nikita Khrushchev. But although he is our neighbor and although he is committing a common nuisance and a danger with his nuclear bonfires, we have no redress against him in a Canadian court of law. And alas although the world has an International Court of Justice, that lacks the muscle to enforce its decisions against any offender who chooses to thumb his nose.

There is however the informal but valuable court of public opinion. This is now being aroused by newspapers and broadcasters around the world, and by the initiative of Canada's spokesman at the United Nations, Hon. Howard Green. Protests against the Russian nuclear tests are increasing from worried endangered human beings everywhere. Erhart Regier, the CCF member of parliament from Burnaby-Coquitlam, B.C., tells me that his observation at the UN recently indicates very clearly

that the Russians have become sensitive to hostile criticism of the very many neutral nations at the UN. This overt hostility, Mr. Regier believes, has been of value in easing the tension over Berlin, although it came too late to prevent Russia tricking U.S. into being deprived of equal nuclear testing opportunity.

Russia's disregard for the international Rule of Law and specifically for accepted standards of behaviour has not gone unconsidered in Ottawa.

Only last month, speaking to the Canadian Bar Association in Winnipeg, Prime Minister John Diefenbaker appropriately stressed the urgent need for international agreement to preserve the neutrality of outer space, and for an intensified effort to bring about the Rule of Law internationally.

The charter of the United Nations sets up an International Court of Justice as the principal judicial organ of the United Nations. It binds all members to comply with the decisions of the court. But it lacks a sheriff and police force, and so remains powerless at present.

This impotence of the International Court of Justice has been deplored by Canada. For example, speaking before the General Assembly of the U.N. a year ago, Prime Minister Diefenbaker pointed out that Canada accepts the authority of that court except in purely domestic matters, and urged all other member-nations to do the same.

But although that International Court, consisting of 15 experienced jurists from 15 different nations, lacks teeth, it certainly has a tongue at its service. As a propaganda organ, it may have an invaluable role to play in condemning the irresponsible behaviour of Russia—and indeed of other nations—in polluting our air, our vegetation and our waters. There are now 101 members of the United Nations; any one of them could bell the cat by initiating action against those committers of a common nuisance with their nuclear bonfires.

INSIDE YOU AND YOURS

Titus Talks About Aging

By BURTON H. FERN, M.D.

I'm Titus. You're the ones that think aging minds always shrivel up, ain't you? Well, welcome, anyway!

But you're dead wrong, Stranger—dead wrong!

Time does seem to catch up with some people. Arteries harden, brain cells slow down or somethin'. Even happens to young'uns sometimes.

Take old Effie settin' on that porch. Best schoolteacher in the township 50 years ago. Today, she can't tell Sunday from Wednesday—or even remember who's passed by.

And you know what? She can tell you exactly how Ben Parker—yup, Ben Parker, president of the bank—slipped and cut his knee in first grade. Banded it real well, she did.

Kind, old Effie—but not any more! Just sets there, rockin' and thinkin'.

Bother her, and she'll use words lady schoolteachers shouldn't even know!

Doc explained how Effie doesn't really mean it, so we all smile. She belongs here. Taught most of our leadin' citizens, she did!

A few chores make her feel right to home. Darkness kind of mixed her up till we put a night-light in her room.

Doc gave her pills to help—pink ones for sleep, white ones to cool that hot temper and speckled ones to pep her up and extra vitamins that strengthen brain cells, like vitamin B-1 and B-12. And another medicine that relaxes narrowed arteries.

STILL HAPPY
Doc's thinkin' about glutamic acid. Says it might speed up Effie's mind. But Effie's pretty happy now.

When Hiram started slowin' down, Doc sent him to the city. Had to have an operation, he did. Clogged artery in his neck wouldn't let fresh blood pass!

Lots of people grow old with-

can a dentist specialize?

After completing six years in university, a graduate may wish to continue his studies in order to participate in one particular field of dentistry. The following are a few examples of specialized careers open to a dental student.

Paedodontics is dentistry for children, and provides the opportunity to do preventive work at the most crucial time in a patient's life. The paedodontist deals with the supporting structures of the teeth and diseases affecting these tissues. **Orthodontics** is the prevention and correction of mouth deformities. The specialty of **oral surgery** demands skills of the highest order. The prosthodontist creates dental appliances such as artificial dentures. Since these replace functioning body organs and come into direct contact with living tissue, a full knowledge of anatomical and physiological science is required.

These are only a few of the specialized fields open to the dental student. Should you wish to learn more of dentistry, write for our informative pamphlet, *Dentistry As A Career*.

No tent is too great for the person who draws on God's overcoming power.

TO ATTEND TALKS

TOKYO (Reuters)—Representatives from the United States, Canada, Japan and an observer from Russia will attend the International North Pacific fishery commissioner's eight conference. It was announced Tuesday. The week-long conference begins Nov. 8.

GETS CHECKUP

VIENNA (AP)—President Sukarno of Indonesia was admitted to a Vienna clinic Sunday for a checkup and a possible operation. Informants said Sukarno is suffering either from a kidney or gall bladder ailment.

OPENS PAINT FACTORY

KINGSTON, Jamaica (Reuters)—The Canadian-owned firm of Brundram - Henderson Limited opened a paint factory here Sunday. R. B. Windsor, chairman of the company, formally opened the factory, the first establishment by the Canadian company outside Canada.

GETS NOMINATION

CHICAGO (AP)—Nicholas Williams of Toronto was nominated for the office of second vice-president of the International Typographical Union Sunday by the Independent party of the ITU. The union has 112,000 members in the U.S. and Canada.

LOSSES AT ROULETTE

BOSTON (AP)—Liquor and the game of Russian roulette failed to mix Sunday night and one man died with a bullet in his head, police reported. They said a group of men holding a drinking party engaged in the game for some time without disaster before luck ran out for the victim. A revolver is used, with the player unaware which chamber is loaded when he puts it to his head and pulls the trigger. Positive identification of the victim had not been made.

WORLD BRIEFS

Here again, a 75 per cent favorable vote of those eligible was necessary to put the levy into effect, and the margin fell far short of that figure.

PROTEST AGAINST STRIKE

The secret ballot was taken in 60 designated areas throughout the country, in which some 31,000 voting slips were issued. The result of this vote showed 13,579 teachers in favor of a strike, and 12,866 against it. An official of the National Union of Teachers said that this meant that only 43 per cent of the teachers eligible to vote favored a strike. Under the union's rules, a 75 per cent majority is required to bring about a strike.

Union leaders also had to admit defeat for a proposal that members should pay five per cent of their salaries to support area strikes in selected sections of the country. The number of ballot papers issued on this vote was 207,951. Of these, 72 per cent were returned, with the following result: In favor of the levy 77,390; against the levy, 73,245.

Here again, a 75 per cent favorable vote of those eligible was necessary to put the levy into effect, and the margin fell far short of that figure.

AREA PLAN DROPPED
In view of these figures, the union executive recommended to the conference that it drop the proposal for area strikes. It was revealed later that only one area, with 125 members, voted solidly in favor of an extended strike.

Another important new move, however, was decided upon by the conference, on the urging of Sir Ronald Gould, general secretary of the National Union of teachers. In a new approach to the battle for the pay increase they are seeking, the teachers were told:

"Join a political party and fight for your rights."

This is a revolutionary move by the 240,000-strong union which up to the present time has been strictly non-political. Now the members are being urged to join one of the parties in opposition to the government, if they are not already members, and to call for support on the pay issue in a vigorous fight against the present government.

The teachers also decided to do no more school meal duties after November 1. "This means that the children will receive no supervision whatever during the lunch hour," a union spokesman explained.

Kelowna Couple United At Pretty High Noon Ceremony

The wedding of Leona May, daughter of Mr. and Mrs. Andrew Stoppa of Kelowna and Peter Paul Weingart, son of Mr. and Mrs. John Weingart of Kelowna, took place at the Immaculate Conception Church on October 7 at 12 noon.

The church was charmingly decorated with red roses and white chrysanthemums. Solos were sung by Mrs. Gregory accompanied by Mrs. Landowne at the organ and the Reverend Father Smith officiated.

The bride, who was given in marriage by her father, was lovely in a floor length gown of white peau de soie. The V-shaped bodice featured a rounded neckline and long lilypoint sleeves, and the very full skirt was draped in soft folds with a wide smooth pleated panel in front, and fell into a four-foot train at back. She wore a single strand of pearls with stud earrings, and her head-dress, a matching band of peau de soie, held a shoulder-length veil of tulle which was gathered into folds at the crown of her head. Her bouquet consisted of a large mauve orchid surrounded with sprays of baby orchids.

The groom's sister Miss May Weingart acted as matron of honor and Miss Sharon Stoppa, sister of the bride, was bridesmaid. They were dressed alike in street length dresses of orchid delustered satin with rounded necklines, three quarter length sleeves and skirts with unpressed pleats accented with a bow placed on one side at their waist lines. Their head-dresses were bows of matching material and they carried bouquets of mauve orchids surrounded with white and mauve tinted carnations.

The bride's god-daughter Cindy Nicholls was the pretty small flower girl and her brother young Alan Stoppa was ring bearer.

Acting as best man was Mr. Ray Weingart and the ushers were Mr. Ray Nicholls, Mr. Adam Weingart and Mr. Ken Nicholls all of Kelowna.

At the reception which was held at the Okanagan Mission Community Hall the mother of the bride received the guests wearing a dress of deep purple, three quarter length sleeves and a semi-full skirt, with which she wore pale mauve accessories and a corsage of mauve carnations. She was assisted by the mother of the

MR. AND MRS. PETER WEINGART

—Photo by Paul Ponich Studios

groom who chose a smart silk dress in a navy and white polka dot pattern and wore white accessories complemented with a corsage of white carnations. A number of telegrams were read. One of special interest came from a friend of the bride's in Sydney, Australia, and another was from the bride's grandmother in Regina, Saskatchewan to whom she sent an orchid from her bridal bouquet.

Miss Kathy Weingart caught the bride's bouquet, and her blue garter ('something old, something blue') which was tossed by the groom was caught

AROUND TOWN

A Closing Banquet and Prize-Giving evening will be held by the ladies of the Kelowna Golf and Country Club on Wednesday evening, November 1 at 7 p.m. Prizes won during the past season will be presented to the winners at the banquet by the president, Mrs. Nicholas Van der Vliet and the Captain Mrs. J. C. Kennedy.

Members are requested by the entertainment committee to pick up their tickets or at least make definite reservations for the banquet with Mr. Blair Peters before Monday, October 30, as it is essential that they know how many guests to cater for.

This will be a new and interesting departure from the usual closing day tea and all lady members of the club will be welcome and may bring guests, so don't forget Wednesday evening November 1. For further information phone Mrs. Jack Buckland at 2430 or evenings 2-3588.

Mr. and Mrs. Patrick Telfer-Smollett of Loch Lomond, Scotland, have been the guests of Mr. and Mrs. John D. Hindle for the past few days.

Visiting Mrs. E. M. Carruthers are her son and daughter-in-law Mr. and Mrs. Howard Carruthers of Calgary, Alberta. Mr. and Mrs. Carruthers are staying at the home of the former's brother Mr. W. R. Carruthers who is at present vacationing in Eastern Canada with his wife and daughter Sandra.

WINFIELD NEWS

The regular monthly meeting of the Evening Branch of St. Margaret's Guild was held at the home of Mrs. E. Crowder, president Mrs. F. Sommerville was in the chair and six members were present.

It was reported that \$14.75 was made at the pie sale held during the lunch hour at the Winfield House of the Vernon Fruit Union and plans were made to hold another at noon on Wed. Nov. 1st.

Discussion took place on the making up of various needlework items for the coming Christmas Bazaar. At the end of the meeting a social period was held during which the hostess served refreshments.

School friends and neighbours of Mrs. Margaret Berry wish her a speedy recovery. She is at present a patient in the Kelowna General Hospital.

Mrs. D. A. Hindle has returned from a trip to the Coast and has as her guests Mr. and Mrs. E. Pletch of Vancouver.

Friends of Mrs. C. L. Alm, the former Dorothy Downing of Kelowna, will be interested to hear that she is managing the Kerrisdale District of the Red Feather Campaign in Vancouver.

The annual Autumn Friendship tea of the Women's Federation of First United Church, was held last Tuesday afternoon. Receiving were Mrs. Elliott Birdsall, wife of the minister of the church; Mrs. Peter Ritchie, president of the Women's Federation, and Mrs. G. A. McMaster, convener of the Friendship Committee of the organization. During the afternoon, guests were charmed with a solo sung by Mrs. Trotter, ably accompanied by Mrs. Cowie. Mrs. Bexfield entertained the ladies with a reading which was in rhyme, each verse telling of the interests and projects of everyone of the fourteen circles. This brought forth many smiles and afforded a most amusing spot during the afternoon. A delicious tea was served, each circle having a table over which it presided. The hall was beautifully decorated with autumn flowers and leaves and presented a very lovely picture; Mrs. J. W. Hughes was responsible for this part of the annual Autumn Friendship Tea.

3 Engagements Of Interest Are Announced

Mr. and Mrs. J. A. Hoffman announce the engagement of their only daughter, Leona, to Mr. Melvin Ross Chapman of Victoria.

The wedding will take place on November 18 at the Church of the Immaculate Conception at 12:15 p.m., the Reverend Father Anderson officiating.

Mr. and Mrs. S. F. Lettner announce the engagement of their youngest daughter Katherine Frances to Constable L. D. Stovern, only son of Mr. and Mrs. H. L. Stovern.

The wedding will take place on November 15 at 2:30 p.m. at Saint Phillip's Anglican Church, Cedar, Vancouver Island. The Reverend D. B. Houghton will officiate.

Mr. and Mrs. Roman T. Ewanchuk, of Vancouver, announce the engagement of their daughter Mary Anne to Edward George Runnalls, son of Mr. and Mrs. Ferres Wilfred Runnalls of Kelowna.

The wedding will take place on Wednesday, November 1 at 6:30 p.m. at the St. George Greek Orthodox Church in Vancouver. The Reverend John Margitich of Edmonton, Alberta, and the Rev. Harry Gavales of Vancouver will officiate.

EARLY SCHOOL
Margaret Bourgeois arrived from France in 1653 to open the first school for girls at Montreal.

Immaculate Conception Council Of C.W.L. Report Oct. Meeting

At the October meeting of the Immaculate Conception Council of the Catholic Women's League, Mrs. D. Hower reported on the preparations for the Joint Parishes Bazaar which will take place in St. Joseph's Hall on Saturday, November 25th. The C.W.L. is donating the hope chest and contents for the grand drawing and booths are being convened by the circles of the two parishes.

The president, Mrs. J. W. Bedford, urged as many members as possible to attend the Retreat for Married Couples to be held at the Capri Motor Inn from November 17th to November 19th inclusive. A retreat is a time of great grace and those attending will always appreciate the opportunity given them to lay aside their cares and distractions for a period of quiet prayer and meditation.

Convenors' reports included social service, sanctuary, education, spiritual, missions, Girl Guides, hospital visiting and telephone.

The citizenship convener, Mrs. J. M. MacLennan, had attended a citizenship ceremony at which Catholic new-Canadians were presented with Catholic bibles provided by the British and Foreign Bible Society.

Mrs. G. Shussel, finance, reported on a successful rummage sale and on two well-attended showers at which Assumption and Mother Seaton Circles

served tea. Membership convener, Mrs. J. Campbell, reported 102 members and Mrs. A. Bregolis reported fifteen active circles and two others in process of formation.

Mrs. C. Hanselman stated that her committee had been active in visiting new-comers, presenting each with a card giving all necessary parish information. St. Francis Xavier Circle had mailed ninety pounds of reading material to the missions and Miss G. Perron announced that religious Christmas cards would be available at the parish library.

The president made a plea for shut-ins and a number of members offered to assist by visiting those confined to their homes. A very interesting article entitled "Dignity of a Parishioner" was read by the president and the meeting closed with the League prayer.

Hostesses for the meeting were Mrs. A. L. Dengrie and Miss L. M. Ward.

Senior High School Activities Supported Well By Students

By ELAINE BROTEN
Kelowna Senior High School has many activities suited to every student this year.

Up to the present, various clubs have been active in the school. Some clubs are being very well supported this year.

One of these clubs is the girls' Y Teens. There are approximately 40 members in the club this year. The new members were initiated during the first week of October and it is reported that a good time was had by all. The boys' Hi Y Club held their initiation last week with these new members, the total number in the club is 20. One of the activities they have engaged in is helping at the blood donor's clinic last week. Some members of the Future Nurses' Club also help at the clinic. The formation of a press club is being planned again this year. If there is enough support on behalf of the students, the club hopes to print a weekly issue of a school paper. These are only a few of the many clubs that are being organized in the school this year.

Some of the music activities planned are as follows: a concert to be held on Nov. 21 with the dance band, orchestra, band, and choir participating;

the Kelowna Senior High School Choir, the No. 1 choir in the province, plans on going to Vancouver at Easter; and the orchestra hopes to make a trip to Toronto some time this year, if sufficient funds can be raised.

There has been only one dance held at the High School so far this year and there was a very good attendance. The Student Card Dance, sponsored by the Students' Council, was held last Friday. The music-makers for the dance were the "Pacers", a local Kelowna band. Dances coming up are the Sadie Hawkins dance with Nov. 17 as the prospective date, and the Christmas Dance to be held in December, the date as yet undecided. The social activities are progressing very well and this year promises to be a very enjoyable one for the students.

Westbank United Church W.A. Plan November Turkey Supper

The Westbank United Church Women's Auxiliary held their regular monthly meeting at the home of Mrs. A. Hewitt, on Tuesday, October 17th, with 13 members present.

The Annual Turkey Supper will be held in the Westbank Community Hall on November 24th, when there will also be a variety and parcel sale.

Mrs. S. Small gave her report on the Manse, and was very pleased to state that same is now completely furnished.

Mrs. J. Seltenrich and Mrs. C. Cameron were in charge of the devotional part of the meeting.

The next meeting will be held at the home of Mrs. H. Stafford on November 14th, when arrangements will be finalized for

the Turkey Supper. Mr. and Mrs. Verne Arbuckle and family, of Los Angeles, are guests at the home of Mrs. Arbuckle's parents, Mr. and Mrs. Cliff Fenton.

Mr. J. Norquay is a patient in Kelowna General Hospital. We wish him a speedy recovery.

Owing to so much sickness, the October Meeting of the I.O.D.E. was cancelled. The next meeting will now take place on Thursday, November 2nd at the home of Mrs. W. A. C. Wilson, Lakeview Heights.

Congratulations go out to Raymond Derrickson, who was the winner of a hamper of groceries at Thanksgiving week-end donated by one of the local stores.

Singapore Nurses Training On Do-It-Yourself Basis

VANCOUVER (CP) — Training people of underdeveloped countries to care for themselves now is the primary objective of the World Health Organization, says Norma Wylie, head of nursing education at Singapore General Hospital.

Miss Wylie, former head of in-service nursing training at Vancouver General, returned here during a brief leave from her W.H.O. Singapore assignment.

Births and tropical diseases were the original targets after the Second World War, but the emphasis now has shifted to education.

Miss Wylie, who received her training at Saskatoon City Hospital, took post-graduate work at the University of Toronto and obtained her BSc in nursing at the University of British Columbia, joined W.H.O. in 1957.

During the last 2½ years she has been attached to the 1,000-bed Singapore General where there are 500 student nurses. "Do you realize that there are more than 2,000 beds in Vancouver General and only 549 student nurses?"

"Money, as well as education, could be an incentive in Singapore. Immediately a student enrolls she becomes a civil servant and receives equal pay.

They are paid better than student nurses in this country."

As well as teaching others to help themselves, Miss Wylie now is training six registered nurses to be instructors.

"And we have our first Singapore RN attending McGill University this year on a scholarship."

Education in family planning and hygiene are two additional fields where the W.H.O. is concentrating its efforts. "In Singapore the average family consists of 10 or 12 children," she said. "There are usually 150 births daily in Singapore Maternity and most of the mothers still have their babies at home, safely now, due largely to W.H.O. courses in midwifery."

Hygiene is not a critical problem in Singapore where most of the population is meticulously clean.

"Actually, we could take lessons on good personal grooming from them."

WORLD NEWS

FIX BOMB SHELTER

DORTMUND, Germany (AP) — This city is converting a wartime bomb shelter into a modern, atom-proof shelter. The concrete-block shelter will hold 1,500 people in 40 separate rooms.

HOLD SUSPECT

MILAN (Reuters) — Police today held a 19-year-old employee of an art laboratory in connection with the theft this week of three pictures valued at over 20,000,000 lire (about \$32,200). The pictures, which had been left at the laboratory by Professor Ugo Galetta for re-

production for a book, were discovered missing Thursday.

PRISON TERMS

QUESNEL (CP) — Five youths Wednesday were given prison terms on charges of breaking and entering here. Lyle Joseph Telford, 20, of Quesnel was given nine months; Bernard Arthur Schemenauer, 19, Quesnel, two years; Victor Allen Schemenauer, 19, Quesnel, two years; Victor Allen Smith, 19, Falkland, nine months; Merle Henry Telford, 19, Wells, one month; Thorval Thompson, 25, Wells, one day.

LEAVES \$8,000,000

SANTA MONICA, Calif. (AP) — The will of actress Marion Davies disposing of an estate estimated at more than \$8,000,000, was admitted to probate in Superior Court Friday. Miss Davies, who died of cancer Sept. 22 at the age of 64, named her husband, Horace Brown, and other members of her family as principal heirs.

MORE PATRONAGE?

The delegates said there was strong evidence to suggest that patronage had been given to the appointee of a management job in a mental hospital. Most experienced employees of favoritism, however, occurred in the rank-and-file of civil service posts. The convention also approved a move to ask civil servants to pay 40 cents a month to enable the association to join the Canadian Federation of Government Employee Organizations, which Mr. Clark said would provide uniform representation of provincial civil servants across Canada.

The BCGEA also voted to urge the provincial government to grant a Monday holiday where statutory holidays fall on Saturday.

Mr. Clark was elected Saturday as the association's president for the next year. He was also elected to negotiate with the government on behalf of the association. Mr. Clark has been civil service commissioner since 1964. He returned to office as president of the B.C. Government Employees Association.

Mr. Clark was elected Saturday as the association's president for the next year. He was also elected to negotiate with the government on behalf of the association. Icebreaker, Helicopter Best For Polar Probes

OTTAWA (CP) — The icebreaker-helicopter combination appears to be one of the most efficient means of carrying out polar exploration, a joint meeting of the Canadian Aeronautical Institute and the Institute of Aerospace Sciences was told here today.

W. C. E. Loftus and J. P. Croal of Spartan Air Services Limited made the point in a paper presented to a panel discussing aviation in polar regions.

They said an icebreaker can carry large amounts of supplies and provide hangar and maintenance space for helicopters which act as the vehicles for scientific operations and observation.

P. D. Gillich and H. B. Dees of Lockheed Aircraft Corporation said in a paper on flight testing of the C-130B Hercules: "In a few years it will probably be possible to commute to and from the Antarctic in all seasons except during a short period of the winter season."

ONE CONTROL CENTRE

A. L. Bingham, operations engineer for Canadian Pacific Airlines, said one control centre for all North Atlantic air traffic may be possible because of improvement in communications.

However, aircraft were still sometimes ahead of their control. CPA polar flights between Vancouver and Amsterdam sometimes arrived in control areas before their flights plans had reached the control centres.

Mr. Bingham said the problem of Arctic survival has been overplayed. "CPA carries practically everything except a dog team"—to such an extent that the odd passenger doubts the feasibility of the 4,900-mile Vancouver-Amsterdam flight.

Chances of survival in a forced landing in the Canadian Arctic were better than in a ditching in the North Atlantic in winter.

Air masses at 35,000 feet over the Arctic were so stable that the Vancouver-Amsterdam flight took about the same amount of time in either direction.

HARP-SHAPED SEA

The Sea of Galilee, 13 miles long and averaging half that in width, vaguely resembles a harp in shape.

RHEUMATIC PAIN

and pain of Arthritis, Gout, Sciatica, and Lumbago, relieved with DEIGHTON'S HERB MEDICINE. The medicinal value of certain herbs is well known, and this formula, developed by an herbalist of 60 years' experience, is like a doctor's prescription, compounded of a number of ingredients, not just one. To start obtaining relief from distressing pains almost at once, use DEIGHTON'S HERB MEDICINE.

RESPONSE!

Newspaper Advertising Brings Reader Response...through Buying Action!

More buying action results from newspaper advertising because of the atmosphere of believability. You've heard people say, "I know it's true, it's in the papers." The printed word has always been accepted as more honest and binding.

Newspapers report facts; other media offer entertainment. Your advertising in an atmosphere of believability is bound to induce more "want-to-buy" action than that framed in fiction or entertainment.

Newspapers offer another vital element—an atmosphere of timeliness and urgency. This sense of immediacy fosters "here-and-now" sales action that no other print medium can match.

If it's a question of consumer response—newspapers are the answer!

The Daily Courier

PHONE PO 2-4445 FOR RETAIL ADVERTISING!

Kamloops Man To Head B.C. Gov't Employees

VANCOUVER (CP)—A. L. B. Clark of Kamloops has been elected president of the B.C. Government Employees Association. Mr. Clark was elected Saturday as the association's president for the next year. He was also elected to negotiate with the government on behalf of the association. Mr. Clark has been civil service commissioner since 1964. He returned to office as president of the B.C. Government Employees Association.

ONE KILLED IN DEMOLITION

Tower comes tumbling down in Tarboro, in south-west France after workmen used steam hammer to demolish the building. At first attempts, workmen tugged at the structure with cables in effort to pull it down, but to

no avail. Steam hammer brought immediate results, but with some disaster. Building collapsed quickly. Most workmen had time to escape. However, two were buried in the debris. When they were dug out only one was alive.

More Abuse Heaped Upon Tiny Albania By Reds

MOSCOW (Reuters) — Communist leaders heaped abuse on tiny Albania today as the Soviet party congress hammered away at its campaign against the remnants of "stalinism."

American, German and Spanish Communist leaders all took their cue from Premier Khrushchev's attack on the Albanians last week and denounced Albanian leaders for failing to toe the Soviet line.

Elizabeth Flynn, chairman of the national committee of the U.S. Communist party, accused the Albanians of playing into the hands of the imperialists by attacking the Soviet Union and the Soviet Communist party.

She also told the congress that the American people were expecting their government to take measures to relax interna-

tional tensions and said that "broad sections" of the American population knew that Russia "stood for peace."

Max Reimann, first secretary of the German Communist party, and Mrs. Dolores Ibaruri, president of the Spanish Communist party, also joined in the attacks on Albania.

The only open opposition to Khrushchev's attacks on Albania so far has come from Communist China. Chinese Minister Premier Zhou En-lai openly rebuked Khrushchev last week for his public airing of differences in the communist camp.

As the congress entered its second week, new demands were expected for the expulsion of the "anti-party" group—former Russian leaders accused of opposing the party's "destalinization" program.

'Irresponsible Behaviour' Caused Incident In Berlin

BERLIN—Gen. Lucius D. Clay Monday blamed a Communist East German police for "irresponsible and illegal behavior" causing an incident on the border involving U.S. troops.

President Kennedy's special envoy in Berlin spoke up after a squad of U.S. troops twice marched into East Berlin Sunday night with bayonets fixed to their rifles. The U.S. troops were backed up by Patton tanks that moved up to the border. The tanks stood guard through the night but were withdrawn this morning. East German police at the border were reinforced.

Friedrichstrasse, where the incident occurred, is the only place the Communists now allow the Western allies to cross into East Berlin.

The behavior of the East German police, "erected the incident and forced the United States to send a military escort into the Soviet sector to assist the U.S. minister on exercising his right of free entry and free movement in the Soviet sector," Clay's office said in a statement.

Protests were expected from the Communists. It was the first time armed U.S. troops have entered the Communist sector of the divided city since the border was sealed by the Communists Aug. 13.

Lightner drove up to the East German checkpoint with his wife. The East Germans demanded to see his papers but he refused on the ground that Allied personnel have a right to go into the Communist zone without being subjected to border controls.

Lightner demanded that the East Germans get a Russian officer. At the same time four U.S. M-48 tanks arrived on the scene.

Then a U.S. officer marched across the border with eight military policemen armed with rifles and sidearms. "The East Germans just

stepped back," a U.S. spokesman said.

The troops escorted Lightner's car back to West Berlin. Colonel Robert Sabolyk, U.S. provost marshal in Berlin, then went across the border to confer with a Russian officer in East Berlin.

Finally Lightner was allowed to pass the crossing point without identification along with several private British and French cars.

The first permanent weather observatory in Canada was established by the British army in Toronto in 1840.

Reflections of autumn are caught in this picture taken looking north at the edge of Swan Lake near Vernon. Lake is a mecca for wild fowl which gather there in hundreds in the fall. The lake lies just to the south of the proposed Vernon Airport, and is a delight to the eye of the motorist who must pass the lake on his way to Kamloops. —(Courier Staff Photo)

LAKESHORE SCENE

COMMITTEE BRIEF SAYS:

Rising Costs A Threat To Industry, Tourism

VERNON (Staff) — Industry is doomed and the tourist industry is jeopardized if costs of production and gasoline continue rising, says a city waterworks committee brief.

But the "no recommendation" brief on the proposed closure of the Bulman's Products Ltd., cannery here made it equally clear that a substantial lowering of water meter rates would bankrupt the water utility system here.

The brief an expression of opinions on the proposal by city aldermen highlighted Monday's council meeting.

Mr. Bulman, who admits that the biggest reason for his decision to consider moving the cannery operation elsewhere is high freight rates, has asked that the company be put back on a flat rate basis which for 35 years to Aug. 1 has cost him \$600 a year for water.

On Aug. 1 the cannery was put on a four-inch meter resulting in water charges \$686 in August and \$520 in September.

Consumption in August was 8,391,700 gallons and in September 6,181,900 gallons.

The brief pointed out that this, at the peak period at least, represented about 25 per cent of the total of all water used in Vernon.

The brief stated that the water meter system was designed to assure a good supply of water, to conserve waste, at a fair price.

It said that reduction of the Bulman's rate would not only set a precedent but would mean high freight rates, has asked that the company be put back on a flat rate basis which for 35 years to Aug. 1 has cost him \$600 a year for water.

The brief points out that other costs have also risen, like freight rates, electrical power.

It states: "This committee believes the Bulman's problem is a glaring example of industry in general in North Okanagan. It is a problem to be taken up by this council, the Chamber of Commerce and all organized groups, including the three levels of government."

CHLORINATION VIEW

The brief also comments on what it terms the excessive chlorination of water demanded by health authorities.

The committee brief, made up by Aldermen August, Rice, and Palmer, closed: "The waterworks committee has no recommendations at the present time but is ready for negotiations."

Ald. Ellwood Rice added that it was quite clear that the Bulman's cannery had been on subsidy by low water rates "for quite a long time."

He said that putting Bulman's on a smaller meter during the off season would be one partial answer, but, he added that the city should first have some assurance that Bulman's would continue operating here.

He pointed out that water costs represented only one third of one per cent of the total Bulman's production costs.

Ald. Jim Holt wanted the company to get back on the old rate or else.

"He has put us in an impossible position by asking for an impossible solution," Ald. Frank Telfer added. "There comes a time when we can do everything that's possible but even then our hands are tied. If we do something for one (lowering water rates) we must do it for all."

Ald. Fred August said a reduction of the Bulman's water

rate to the old figure wouldn't make much difference to the production costs.

Mayor Frank Becker produced a survey of water rates before and after meters were installed which showed that many commercial users paid less under the meter system than before on a flat rate basis.

And he added that some decision by council would have to be made within 30 days since Bulman management was actively looking for another location.

"Mr. Bulman is not fooling," he said.

VOTER TURNOUT WAS 'LOWER'

VERNON (Staff) — A turnout of 47.5 per cent of registered owner electors in the city was recorded at the recent hospital bylaw referendum.

City Clerk Ian Garven said this was considerably lower than the turnout at municipal elections where 60 to 70 per cent was recorded.

Mayor Frank Becker recalled that the turnout of voters to approve the original hospital building in Vernon was 88.7 per cent.

Mayor Becker said he considered the big positive vote, more than 80 per cent, as a "vote of confidence in the whole area."

ARENA REPORT

Financial report of Vernon Civic Arena for the year to Sept. 30 showed a total of \$3,245.68.

APPROVAL GIVEN

Council approved a request of the Winter Carnival Committee to have the use of Polson Park from Dec. 20 to Feb. 26. Carnival spokesman George Melvin said this would definitely not affect public use of the park.

DONATION GRANTED

Council approved a donation of \$100 to the Vernon Junior A Hockey Club.

Former Commanding Officer Of BCDs Buried At Coast

VERNON (Correspondent) — time he was 15 years old, when he joined the 31st Battery, Field Artillery, Vancouver.

He was promoted to the rank of lieutenant-colonel in 1942, and took command of the B.C. Dragoons Regiment in the United Kingdom.

In 1944—now a brigadier—he was placed in command of the 1st Canadian Armored Brigade. He won the Distinguished Service Order in June, 1944, in Italy. He was also twice mentioned in despatches.

He was past president of the Canadian Armored Corps Association, and was a partner in Campney, Owens and Murphy, president of the Canadian Western Pipe Mills Ltd., and a director of many companies.

Brig. Murphy was 56. He died on Friday in Vancouver General Hospital.

He was a native of Ashcroft, the son of the late Mr. Justice Denis Murphy of the B.C. Supreme Court. Brig. Murphy was an army man from the

TAKE TIME OUT FOR SURVIVAL

Earn as you Serve under the Special Militia Training Programme

The Army wants to train 100,000 men this winter, to enable them to take their place with the Militia on its vital task of organizing our national survival. These citizen soldiers will be trained to the required standard by a special series of courses, each lasting six weeks.

During his course the new Militiaman will be given all-day training for five days a week. He will live at home and receive the same pay as a regular soldier, plus a separate living allowance.

If you're between 18 and 50 and reasonably fit, here's your chance of making a man-size contribution to Canada's defence, the safety of your family and your own future. Dates of courses are: Nov. 6 - Dec. 17, 1961; Jan. 8 - Feb. 18, 1962; Feb. 26 - Apr. 8, 1962; Apr. 16 - May 27, 1962.

For full information and enrolment details, visit your local Armory, without obligation, at the address below which is most convenient for you.

MAKE SURE THAT CANADA CAN CARRY ON!

Vernon's Election On December 7

VERNON (Staff) — City clerk Ian Garven has announced that municipal election day in Vernon will be Dec. 7.

Close of nominations has been set for Nov. 27.

To be contested is the mayor's seat and those of four aldermen.

Definitely in the mayoralty race are Ald. Ellwood Rice and city realtor E. Bruce Cousins.

Mayor Frank Becker has indicated he will not run again for mayor.

The aldermanic seats vacant will be those of aldermen Rice, Valair, Holt and Palmer.

Ald. Holt said earlier he would not seek re-election.

CNR Opens New Office In Vernon

A new office for handling of Canadian National Express business in Vernon and district opened Monday at the south end of the local railway station.

In charge of the new CN express office will be Arthur G. Newton who returns to British Columbia after serving as express agent in Moose Jaw for the past two years, going there from Prince George.

A native of Long Ashton, England, Mr. Newton began his career with CN Express, Winnipeg, in 1922. After serving in various positions there, he became cashier at Prince George in 1942 and agent at Chilliwack in 1945.

Shortly after he went to Jasper as agent and then returned to Prince George as cashier. He became agent in Prince George in 1954 and five years later went to Moose Jaw.

Active in community work, Mr. Newton has recently been secretary of the Moose Jaw Rotary Club and director of the Cancer Society there.

SUSPENDED SENTENCE

KAMLOOPS (CP) — Alfred Maxwell Collison of Smithers Monday was given a suspended sentence with two years probation when he pleaded guilty to a public mischief charge. Police said he agreed to an arrangement whereby he would hold a lantern and be shot in the left shoulder from close range with a pistol. No reason for the Sept. 27 shooting was given.

UK Writer Hits BCE Takeover

LONDON (CP) — Frederick Ellis, financial editor of the Daily Express, says a debate is going on in British financial circles over the expropriation of the British Columbia Electric Company by the provincial government.

Ellis says the company's stock is widely held in Britain, by private as well as institutional investors.

"The B.C. government has quite arbitrarily taken the company over, naming its own takeover price and refusing arbitration."

"Although the price is regarded as inadequate, there appears little that can be done by investors."

Ellis says it would be a "great pity" if an isolated action by a provincial government were to damage Canada's investment status in world financial centres.

"For the need of overseas capital to develop natural and industrial resources is one of Canada's major economic problems."

Bulman Cannery Closure 'Big Blow' To Growers

VERNON (Staff) — Closure of the Bulman's Products Ltd. cannery here could put more than 50 vegetable farmers out of business, says Bernard Pow, the veteran canning company chairman of the Interior Vegetable Marketing Board.

He told City Council Monday that the tomato canning phase of the cannery's operation is vital if growers are to North Okanagan.

Mr. Pow, speaking during discussion over the proposal to close, partly because of an increase in city water rates, said production of tomatoes was the "backbone" of the vegetable growing business in the area.

He said because farmers had in the past been assured of a market for their tomatoes, other types of vegetables, like cucumbers and peppers, could be grown as fringe crops since a profit was assured in tomato production.

"It is only because of tomatoes that farmers are willing to gamble on the rest," he said. Mr. Pow said there were about 425 acres planted in tomatoes in the Vernon area.

IN VERNON AND DISTRICT

Daily Courier's Vernon Bureau, Camelot Block — 30th St
Telephone Linden 2-7410

COLDSTREAM WINS IN CASE OF DISPUTED CENSUS COUNT

COLDSTREAM (Staff) — The Dominion Bureau Statistics has announced a revised census figure which will mean more than \$14,000 in provincial government grants over the next five years to the municipality.

Municipal clerk Roy Blackwood said he had received a letter advising that 180 people had been added to the preliminary census figure of 1,980 as a result of a field investigation which followed a report to the DBS from Mr. Blackwood saying that his personal count showed the preliminary figure was about 100 to low.

Mr. Blackwood said at \$16 per capita per year this would mean \$14,400 in provincial grants which the municipality would not otherwise have received.

New census count is 2,160.

Salvation Army Funds Drive Starts Today

VERNON (Correspondent) — The Salvation Army's annual drive for funds in the Okanagan Centre and Oyma districts will be held this week.

Canvassers will be at Okanagan Centre today, and later in the day at Oyma. The drive will close Oct. 31.

The main portion of the 1961 campaign was held in Vernon and district last May. All objectives were met at that time.

It is certain, says Ian Carmichael, that the communities yet to be canvassed will bring the drive to a successful conclusion.

Spend winter in the wonderful world of ESSO warmth

Relax in the pleasures of summers spent on sunny sands. Enjoy the carefree comfort of safe Ezzo warmth... so quiet, so completely automatic, so trouble-free you'll forget it's winter till you look outside.

Relax and leave your heating problems to Ezzo. You'll have a constant supply of top-quality, clean-burning Ezzo Furnace Oil, delivered to you automatically as the weather demands. If you need new equipment you can choose from a full line of burners or complete furnaces, installed on very easy monthly terms.

To enjoy the wonderful world of Ezzo warmth just call your nearest Imperial Oil sales office.

ALWAYS LOOK TO IMPERIAL FOR THE BEST

ESSO OIL HEAT

ON THE SCENE

with
ERIC GREEN

Under the sugar coating of the title "weekend in sport" came a bitter pill in the form of an announcement that the Kelowna Cubs must start at the bottom of league standings and toil upwards again.

Dr. E. M. Stevenson, league president, in a telephone conversation with this agent, said continuing protests over the Cubs' alleged ineligibility may mean they will be barred from action next season unless taken in by the high school. As I predicted several days ago, the Cubs are being lanced again, and again it is by John Ross of North Kamloops.

At Saturday's game in Kamloops, The Cubs dressed 28 players, 21 with shoes and four with moral support and Cub colors.

AN AGREEMENT

John Ross, who acts as sort of liaison for the administration of North Kamloops High School to the "outside" coaches of the Saints, claims league officials from various clubs "agreed" not to use players from outside one given high school.

Kelowna had seven players from outside Kelowna High, all eligible scholastically, and as far as age and attendance at school was concerned. Even after losing six players, the Cubs defeated a floundering North Kamloops Saints, who could dress only 17 players.

Tom Capozzi, director of the local association, said the list of players had been approved by the league president.

PRIME OBJECTOR

North Kamloops appears to be the only objector to Kelowna's playing, and its "in protest" refusal to meet Kelowna again, although league play for these teams is finished, is unfounded. Tom Capozzi said an agreement was made to the effect that Kelowna would play with members from outside Kelowna High School.

Now, adding insult to injury, or heat to the stewpot, it appears Kelowna is hopelessly relegated to bottom of league standings with a 1-0 record. It is impossible on that basis for Kelowna to think of winning, even with its present eligible team.

THE SWITCHEROO?

The Cubs were reportedly told they would retain their standing if they fielded an eligible team by Oct. 21. They did.

So how about this switcheroo? If it is.

Coach of the Cubs, Harvey Raymond, said it was his understanding his club would retain its standing if the eligible team was posted before Oct. 21. A number of new recruits have rallied to the club's cause since the six players were dropped.

Having held the gun of extinction to the Cubs held and seen it misfire, John Ross is still backing his team against the winning Cubs and he apparently doesn't like losing. So he is trying again.

PRESIDENT SAYS

Dr. E. M. Stevenson said he and league directors have always found an amicable settlement to problems, but in a pinch he could issue a decision on some tiff. He believes Vernon, Penikese and Kamloops City will vote with Kelowna on the present charge of ineligibility or not-ineligibility. Hence Ross must have been mistaken when he said "it was in the league minutes" that the clubs would only use players from one high school.

Ross reasoned, logically, that Kamloops or North Kamloops on that basis could use Kamloops Indian Residential School students. They don't, but if there is no ruling why don't they? Then they might have some kind of a team.

LEAGUE LAWBOOK

Presently, the Okanagan Mainline High School Football League operates with no rule book, but depends on "agreements" which are recorded in meeting minutes.

This seems to be an undependable source of policy. Some rules should be drawn up in a charter of rules for the league, and the set distributed freely north and south.

Canada's Equestrians Are Absent From Horse Show

TORONTO (CP) — Canada's equestrian team, beset by problems since the start of the current season, won't be on hand for tonight's opening of the six-day Washington International horse show, a team official said Monday night.

However, two team members may compete at Washington

Jim Gentile "Sophomore" Of The Year

NEW YORK (AP) — Jim Gentile of Baltimore Orioles, who tied a one-season major league record with five grand slam home runs in 1961, was named American League sophomore of the year today.

The strapping first baseman was picked by 149 of the 170 members of the United States Baseball Writers' Association taking part in the annual Associated Press poll. Pitcher Steve Barber of the Orioles was a distant second with 12 votes.

Gentile, 27, hit .302 last season. His 46 home runs deadlocked him with Harmon Killebrew of Minnesota. Twins for third place in the American League home run derby behind New York Yankee slugger Roger Maris and Mel Allen.

He drove in 141 runs, one fewer than Maris, the ...

barber, a lefthander, had an 18-12 won-lost record while posting a 3.34 earned-run average.

Kelowna Horse Places In Jumping Competition

Two Interior riders competed in the jumping events at the Pacific International Livestock Exposition held in Portland, Ore., last week.

H. J. Bennett of Kelowna riding Mr. T. Tover's horse "High Rigger" and Mr. Tommy White, Williams Lake, riding his own horse "Dark Cloud", entered a \$7,000 jumping competition.

Of the top horses in the Pacific Northwest, including the Kelowna and Williams Lake entries, 24 horses competed in the five-night jumping trial, which was held under F.E.I. Olympic regulations.

Rules stated that the 15 horses with the least number of faults over the entire competition were qualified to enter the sweepstakes final. The remainder entered the consolation class.

In the sweepstakes final, R. second in jump-off on time.

A LITTLE OFF BASE

Alexander Fiore of Golden Bridge, Long Island, New York, sits high in the air holding tightly to the reins, after his horse, Riviera Wonder,

took a jump in the "Big Jump" sweepstakes at the Pennsylvania National Horse Show in Harrisburg. Fiore landed safely back in the

saddle after the horse completed his jump, and placed second in the event. The horse is owned by Donald Shapiro of Old Brookville.

Bathgate NHL King Scorer; Eddie Litzenberger Follows

MONTREAL (CP) — Andy Bathgate of New York Rangers continued his hot point-getting streak last week but failed to gain any ground on his closest

pursuer—Eddie Litzenberger of Detroit Red Wings—in the National Hockey League individual scoring race.

Official NHL statistics released today show Bathgate, 29, a right winger, scored one goal and collected six assists in four

games to extend his league-leading point-total to 15.

But Litzenberger, on a comeback trail after two relatively non-productive seasons with Chicago Black Hawks, did even better.

Litzenberger, played only three games in which he scored three times and helped set up four other goals to run his point production to 12.

Bathgate leads the league in assists with 11 while Litzenberger is tied with Montreal Canadiens' Ralph Backstrom for the lead in goals. Each has six.

Golf Cools In Quality

Golf cooled with the weather Sunday morning as last week's eight qualifying teams took to the course to do battle for top honors.

Last week's top qualifiers who blitzed par under a cover of fog were unable to keep pace in the cool, clear weather. At the end of 18 holes teams captained by Dr. Campbell and Bob Bailey were tied for first place at 16 under par. They were followed closely by the Les Schaefer and Frank Fleist teams tied at second place with 15 under par.

The teams continued a sudden death playoff. Ron Gee copped first place for the Campbell team by knocking in a birdie four on the 19th hole and the two teams retired to warmer pleasures in the clubhouse.

The remaining eight golfers however battled to the 23rd hole until the team captained by Long Ball Schaefer finally put the finish to Frank Fleist and Company.

The Calcutta ends local tournament play for the year on a very successful note. One hundred and twenty players participated in the increasingly popular event.

Winning teams in order were as follows:

First team—Dr. J. Campbell, Ron Gee, P. Remple, E. Cripps.

Second team—B. Bailey, B. Dulatovich, J. Kaye, L. Dowling.

Third team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Fourth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Fifth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Sixth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Seventh team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Eighth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Ninth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Tenth team—Les Schaefer, A. Lucking, T. Scaife, L. Snook.

Technical Kayo For Moore "Not My Classical Best"

BALTIMORE (AP) — Venerable Archie Moore knocked down Pete Rademacher eight times en route to a six-round technical knockout Monday night, then apologized for not putting on a more classic boxing performance.

"I tried, but this man is a very awkward fighter," Moore said. "It's hard to hit him with one of those clean, classic punches that people like to see."

But Archie landed plenty of ordinary punches as he floored Rademacher, 33, once in the fourth round, five times in the fifth and twice more in the sixth before referee Benny Goldstein ended the slaughter at 2:10.

Rademacher earlier had suggested waiving the rule which requires a bout to be stopped if a fighter is floored three times in a round.

"I appreciated that," Archie said.

HIGHEST PRICE VANCOUVER (CP)—A yearling chestnut colt brought the highest price for a Canadian-bred horse at the B.C. Breeders' Society annual sale at the weekend. Dave Diamond of Vancouver paid \$2,150 for the son of Star Affair-Dream Staff.

But Archie landed plenty of ordinary punches as he floored Rademacher, 33, once in the fourth round, five times in the fifth and twice more in the sixth before referee Benny Goldstein ended the slaughter at 2:10.

STAMPS, ESKS MEET AGAIN

Peg Cinches EFC Lead; Calgary Loses 42-7

WINNIPEG (CP) — Winnipeg Blue Bombers clinched first place in the Western Football Conference Monday night by trouncing third-place Calgary Stampede 42-7.

The Bombers now are five points ahead of Edmonton Eskimos who have only two games left in the regular schedule.

The Stampede and Eskimos clash in a two-game, total points, elimination game Nov. 11 to decide who will go against Winnipeg in a best-of-three final.

Backed by fullback Gerry James who scored a touchdown, two field goals and five conversions, the Bombers led 11-7 at

half time after a 3-0 first quarter maring. Winnipeg was ahead 25-7 going into the final quarter.

The Bombers had 22 first downs to Calgary's 10. They rushed 238 yards and passed for 240 more, compared with a minus 30-yard total for Calgary on the ground and 216 yards in the air.

Calgary quarterback Eagle Day lost a total of 90 yards on his own, most of them on prospective passing plays.

James kicked a field goal from about the 20-yard line late in the first quarter to give Bombers a 3-0 lead.

On the first play of the second quarter from the Calgary 10-

yard line, Day passed 50-yards to Lovell Coleman well behind the Bomber deep backs. The fleet back ran the rest of the way and Gene Filipksi converted to bring an early end to Stamp's scoring.

The Bombers came back with James making a 50-yard march at 10:31 of the quarter. His convert made it 10-7 and Jack DeLox added his single on a punt from the Calgary 31, with Calgary's Harvie Wylie being

roughed on the play.

Winnipeg's Leo Lewis burst through left tackle ambled for a 63-yard touchdown early in the second half. James converted.

Less than eight minutes later, Kenny Ploen hit Farrell Funston with a pass from the Winnipeg 25 and the Winnipeg end ran 20 more yards for a 75-yard touchdown. James again converted.

The final quarter saw James kick his second field goal of the night at 1:01, then Gordie Rowland picked up Earl Lunsford's fumble at the Calgary seven and went over for a touchdown which James converted at 5:46.

A 17-yard touchdown pass from Hal Ledyard to Funston with James again converting ended the Winnipeg scoring at 9:46.

Coach Bobbie Dobbs said after the game "we haven't a good enough team as yet to take on a club like Winnipeg in the second game of a weekend doubleheader without a week's rest."

Tackle Don Luzzi said "we'll get 'em (Winnipeg) in the finals."

On the strength of the bye into the Western finals, coach Bud Grant said he would bench some of his key personnel in the remaining two games of the schedule. He indicated rookie quarterback Dick Thornton would be used, giving quarterbacks Ploen and Ledyard a rest.

Champagne Party As UN Celebrates 16th Birthday

WASHINGTON (CP) — With including diplomats, members Canadian help, State Secretary of the Kennedy cabinet, repr. Dean Rusk throws a \$25-a-head, champagne and music party tonight for some 800 socially prominent businessmen, have prominent guests to celebrate \$25 a person to the committee the 16th anniversary of the fund.

While plans for the state department concert and reception have moved smoothly, a behind-the-scenes debate has developed on the question of whether President Kennedy and his wife will turn up for the affair. If they don't, it will be an affront to Africa Sept. 18.

Both Kennedy and Canadian Ambassador Arnold Heeney consented to give their patronage to the occasion—to raise funds for the United States committee for the UN—and Canadian officials anticipated the president would appear at the concert, though not at the reception afterwards.

However, the White House said there is doubt whether the president will turn up at the concert. Pamela Turner, press secretary to Mrs. Kennedy, said the Kennedys give their patronage to a lot of events and simply cannot appear at them all.

The U.S. committee for the UN, a non-profit organization dedicated to spreading word of the UN throughout the U.S., has been working hard to get the president's attendance. But the White House has remained aloof.

The specially invited guests, LINDSAY, Ont. (CP) — The 10th anniversary convention of the Ontario Farmers' Union will be held here Oct. 23-26, the first time the gathering has been held outside the Ontario Agricultural College at Guelph.

CONTRACT BRIDGE

TEST YOUR PLAY

1. You are declarer with the West hand at Six Clubs. North leads the ten of diamonds. You win with the ace and lead a club to the king. South discarding a diamond. How would you play the hand?

2. You are declarer at Three Notrump. North leads the king of clubs, continues with the queen, both of which you duck, and then plays the jack. South discarding a spade on the third club. How would you play the hand?

spades, ruffs a diamond, then cashes three rounds of hearts and ruffs another diamond. If North has followed suit all the way, the contract is cold. Declarer's three remaining cards are the A-9-8 of clubs. North has the Q-J-7. Declarer leads the eight of clubs and North can win only one trump trick.

2. Here, also, declarer relies upon an endplay. There is a big difference, though, between this hand and the preceding one because, while the result of the first hand depended upon the cards being favorably divided, this one does not.

The contract is sure to make in this case and it does not matter how the adverse cards are distributed. It is known, once South shows out on the third lead of clubs, that North started with five clubs. All that remains to be done is to take advantage of this.

West wins the jack of clubs with the ace, cashes the A-K-Q of spades and A-K of hearts, and then exits with a club.

This allows North to cash two more clubs, bringing his side to four tricks, but leaves him on lead and in a hopeless position. On the five rounds of clubs dummy discarded a heart and two diamonds, while West discarded a diamond. Whatever North plays after cashing his clubs, declarer has the rest of the tricks.

YOUR HOROSCOPE

FOR TOMORROW
Some adverse aspects suggest that you use caution in all matters involving money, valuables and other assets. Be tactful, too, especially within the family circle, and you will avoid unpleasantness.

During leisure hours, seek some form of quiet relaxation—books, music, any hobby which completely absorbs your interest.

FOR THE BIRTHDAY
If tomorrow is your birthday, your horoscope indicates that it would be advisable to make plans for business and financial expansion now, since the next year gives promise of good results from constructive ideas as well as co-operation from those who are interested in your welfare and who might well go out of their way to help you achieve cherished goals — if you are diplomatic in dealing with them.

Personal matters will be highlighted, not only during December of this year but also during June and August of next, so you should experience happy domestic, social and sentimental relationships during the same months. But in planning trips, watch your budget, or you may have to revise financial plans in September.

A child born on this day will be endowed with fine intelligence, practicality and great integrity.

Dief and Bennett Playing 'Hide and Seek' on Jobless

VANCOUVER (CP)—A Labor leader said here today Prime Minister Diefenbaker and Premier Bennett of British Columbia are "playing hide and seek" with Canada's unemployment problem.

Mr. Smeal told the opening session of the federation's annual convention economic trends indicate that 15.8 per cent of Canada's working force will be unemployed this winter. He also attacked what he called "restrictive and repressive labor legislation" enacted by the B.C. government. Mr. Smeal said trade unions must work positively and effectively to protect hard-won rights.

Greek's Caretaker P.M. Wants Cooling Off Time

ATHENS (Reuters)—Caretaker Premier Constantine Doxiadis is attempting to cool off Greece's smouldering general election campaign with a request to newspaper editors to avoid presenting the country as strife-torn.

Campaigning for the Oct. 29 balloting entered the final week amid reports of unprecedented hostility between the three main political factions. King Paul dissolved Parliament Sept. 20 after Premier Constantine Caramanlis resigned. His Radical Union party had been in power six years.

At stake are 300 seats, which will be determined by a "reinforced" proportional representation system. Some 5,600,000 men and women are eligible to vote. Two parties, the Union of the Centre coalition and the Communist Pandemocratic Agrarian Front, have voiced strong protests against alleged partisan election campaign with a request to newspaper editors to avoid presenting the country as strife-torn.

Peace River Timber Sale On Land To Be Flooded

VICTORIA (CP)—The government today offered for sale more than 250,000 cubic feet of timber on land which will be flooded by the Peace River. The forest service is planning to build a \$1,000,000 road from the Pacific Great Eastern Railway to the Peace River, 80 miles northeast of the damsite, to bring timber to the railroad for shipment.

A cabinet order reserves all the land from the damsite near Hudson Hope to the 2,250-foot contour level as a timber-salvage sale area.

A spokesman for the forest service said the timber-clearing project will make room for a flooded area triple the size of Okanagan Lake. It is one of the largest timber sales to be held in British Columbia.

The forest service official said money raised by the timber sale, which will start this fall, will go into a special "suspense account." It will later pay for administration costs of the sale and possibly the access road.

He said the government will soon start advertising for auction of timber on the first 20 miles of land to be flooded up the Peace River. It will sell the remainder of the timber as far north as Finlay Forks next year.

It has been estimated there are 34,000,000 cubic feet of timber in those two parcels, including some commercial wood, jackpine and poplar.

Two other large chunks of timber will be sold later, as the dam project progresses and the water level of the Peace River rises.

They are in an area 100 miles up the Finlay River, containing 99,000,000 cubic feet of timber, and another 118,000,000 cubic feet along the Parsnip River, which runs between the Finlay and the Peace rivers.

A special vote in next year's budget—the Peace River power timber salvage vote—would provide funds to conduct the auction.

The forest service spokesman said work has started on location maps for the first 30 miles of road adjoining the Parsnip River. It would connect with

Charges Against Union Used 'To Confuse Issue'

VANCOUVER (CP)—Charges that the independent International Union of Mine, Mill and Smelter Workers is Communist-led are being used to confuse the real issue in the disputes involving Mine-Mill at Sudbury and Port Colborne, Ont., two Mine-Mill leaders said here Sunday.

The real issue, said Harvey Murphy and Yves Le May, is a battle between Mine-Mill and the United Steelworkers of America (USWA), which they said is raiding the Sudbury and Port Colborne locals of Mine-Mill.

Mr. Murphy, Western Canada district president of Mine-Mill, and Mr. Le May, president of the Port Colborne local, addressed a public meeting here today in the labor movement.

"The Ted Boney is being used today in the labor movement," said Mr. Murphy.

Trail, B.C., where Mine-Mill represents workmen at the Consolidated Mining and Smelting Company, had been called a Red town, but it elected a CCF member to Parliament, a Social Credit member to the legislature and a Liberal as mayor.

the PGE north of Prince George. Other timber cuts near the damsite will be shipped to Hudson Hope, where temporary sawmills will be set up, he said.

Six Missing In UK Storm

LONDON (Reuters)—Winds of up to 90 miles an hour brought chaos to shipping and air traffic around the British Isles today. Police and lifeboat crews were searching for the bodies of six persons, including a family of four, believed drowned when their dinghy capsized off the Welsh coast.

A lifeboat picked up a seventh member of the party clinging to a piece of wood.

One of five members of the Belgian fishing vessel Normandie was feared drowned after the vessel grounded on sands 15 miles off Norfolk. His four companions were picked up by a Dutch trawler.

The storms caused delays of between 30 and 90 minutes on Scottish and Irish air services.
